## ENVIRONMENTAL EDUCATION PROGRAM

### Term 4 Lesson 1: Chameleon Additional Activity

MADE BETTER *together*  
FOUNDATION

# Snakes and Ladders

To play Snakes and Ladders, gather different coloured bottle tops, one for each child participating. Print and laminate the Snakes and Ladders game board, and print, cut out, and assemble the dice. Have the children place their bottle tops on the starting position. Taking turns, each child will roll the dice and move their bottle top the corresponding number of spaces towards the finish. If a child lands on a ladder, they can climb from the lower number to the higher number at the top of the ladder. If they land on a snake's head, they must slide down to the lower number at the snake's tail. The first player to reach the finish wins the game.
